Update 2:

Happy New Year!. **Auto Phase update:**

Build v0.0.6

- The player will now automatically go into Main Phase at the start of their turn.

Before the players had an option of going into Main or Battle phase first, but at the cost of slowing down gameplay and often confusing new players. Making the turn start in Main Phase was a highly requested feature that should allow for quicker, more fluid gameplay.

- Replaced player avatar to fit the art and lore more

- Updated console to make enemy cards and health easier to reach and target.

- Reposition button should now work for everyone in multiplayer matches.. **MayDay Marketing Mayhem:**
